

Bayer Hawaii Science Education Fund

Helping to nurture the education of Hawaii's youth

Through Bayer Fund, the Bayer Hawaii Science Education Fund helps to provide our public schools with programs, tools, supplies and equipment to enhance quality education for our youth, and encourage today's students to consider a future career in the sciences. Schools, teachers and parent-teacher associations are invited to apply.

General Guidelines

1. Open to established public schools in Hawaii on the islands of Oahu, Maui and Molokai, service students from middle school through college. Grant recipients must be legal nonprofit entities.
2. Grants must be used for student education purposes in the sciences (examples: to purchase equipment, tools, educational and resource materials, supplies and support for programs that foster educational excellence).
3. Travel expenses may be allowable provided such costs are incurred to support the science education program and do not exceed non-travel program costs. If you are applying for this grant to offset travel expenses, you must complete Section II of the grant application.
4. Not eligible: Activities for the purpose of further religious doctrine; memorials or endowments; non-science projects; fundraisers; wages and salaries; and past purchase.
5. Only one grant request per project. This year's application deadlines are **May 21** and **Sep. 24, 2021**.
6. Minimum grant request is \$500; maximum is \$1,000.
7. Funds must be used for its stated purpose within a 12-month period from the date cash grant is distributed to grantee.
8. All grants will be administered in a non-discriminatory manner with regard to race, color, gender, religion, sexual orientation, national origin, disability or veteran status.

Application Process

1. Complete and submit the attached grant application form. Application forms are also available at hawaii.bayer.us/education.
2. Applications must include complete information as requested, including documentation of item costs. Providing website addresses to online catalogs is not sufficient.
3. Application will be reviewed by the Bayer Hawaii Science Education Fund Committee. The Committee may request additional information if necessary.
4. Applicants will receive notification on whether or not their application was approved approximately 8 weeks after application deadline. The Bayer Fund has sole discretion on all application decisions.

Bayer Hawaii Science Education Fund Application

Date of application: _____ Name of school: _____

Complete mailing address: _____

Name of person(s) completing application: _____

Phone: _____ Email: _____

Amount requested: _____ School's Federal Tax ID Number: _____

NCES School ID#: _____ If you do not know your NCES School ID#, go to <http://nces.ed.gov>, click on "School Search" to locate your school. Once you find your school, the information box should list its NCES School ID#.

SECTION I. Please provide the following information. You may attach additional pages as needed.

What is the purpose of this grant request?

How will this benefit your students' science education?

Please list and/or describe the quantity and item(s) to be purchased:

SECTION II. Must be completed if you are applying for a grant to help offset travel expenses such as transportation and accommodations. For grant consideration, travel expenses may not exceed program costs.

What are your total estimated travel expenses for this program?

What are the total estimated non-travel expenses for this program?

SECTION III. Attach documentation showing the cost of item(s) to be purchased with this grant (examples: written price estimate, purchase order, catalog or online listing). If approved, you must also submit proof of purchase.

If your project costs exceed the amount you are requesting in this grant application, how do you plan to pay for the balance of the project expenses?

Bayer Fund

SECTION IV. If you decide to publicize receipt of your grant (example: press release, newsletter article, signage, letters or flyers), please send copies or photographs to Bayer Hawaii Science Education Fund; c/o Bayer U.S. - Crop Science, P.O. Box 200, Kunia, HI 96759.

APPLICANT SUBMITTAL. Applicant hereby agrees to utilize the grant award(s) in accordance with the application submitted to the Bayer Hawaii Science Education Fund and the grant requirements stated above. Distribution of grant funds is limited to those applicants who are in compliance with these policies and procedures. Bayer Fund reserves the right to withhold such distributions at any time the applicant/grantee is not in compliance. I hereby grant, authorize and give full consent to Bayer, its employees, agents, successors and assigns, and to Bayer Fund, its related companies, employees, agents, successors and assigns, the right to photograph and/or film me, and to copyright, publish, display and reproduce any and all photographs and/or video in which I appear, and to use my name, without any claim to compensation, for the purpose of advertising and publicizing any grants given by Bayer Fund and/or any activities of Bayer. Bayer and/or Bayer Fund may use, or cause to be used, these photographs, video and my name in perpetuity in any media. I agree that the photographs and/or video taken are the property of Bayer and/or Bayer Fund, and I waive any right of review or inspection. "I certify that the information on this form is true and correct to the best of my knowledge as evidenced by this/these signature(s). I understand that all information contained on this form is subject to verification and that false information will lead to disqualification."
