

Dr. Klaus Kunz
Head of ESG Strategy

Dr. Klaus Kunz holds a PhD in Organic Chemistry and a degree in economics. He joined Bayer in 2001 and has gained 20 years of experience directing business strategic topics in R&D at a global level, taking leadership roles in research, R&D project management, regulatory and public / governmental affairs, sustainability and business stewardship.

Since February 2022 he is leading ESG Strategy. Klaus is passionate about driving innovation and change, cross-cultural collaboration, politics and history, also holding a lectureship for chemistry at the University of Aachen.

He is married with three children.
