

Support us in preventing the spread of pathogens!

Please **always** answer the following questions **before entering the site** and act accordingly:

If the answer to any of the following questions is **YES**, ...

please do the following:

Symptoms

Do you have **symptoms**, e. g.

- // feeling feverish?
- // body temperature of more than 37,8°C/100.4°F?
- // new or worsened cough?
- // shortness of breath?
- // loss of smell?

Please do not enter the Site or this building!

- // Please call your doctor for clarification.
- // Do not come back to work until you have been confirmed that you are not or no longer contagious.
- // Contact your contact person or supervisor via telephone.

COVID-19

- // Have you been officially informed that you are a **confirmed** or **suspected COVID-19-patient**?
- // Have you had **close contact** (Contact 1 according to RKI) with a confirmed or suspected **COVID-19-patient**?

Please do not enter the site!

- // Follow the instructions for **self-quarantine**.
- // Contact your contact person or supervisor via telephone.
- // Please agree with your supervisor or the company medical service when you can return to work.

Access after vacation

- // Have you been on vacation for more than 5 days since you were last present at the site?

- // Provide your manager with proof of a negative medical Corona test. Alternatively, proof of immunisation (fully vaccinated or recovered) is also possible.

Entry from high incidence areas or areas of variants of concern

- // Have you or any member of your household been in a high incidence area or area of variants of concern (RKI)?

Please do not enter the site!

- // Contact your contact person or supervisor via telephone.

If you answered **NO** to the questions, you can enter the Site.

You can find more information and practical guides in the current protection concept for On-site Working in Germany.

Ensure strict adherence to hygiene rules. Carry a **mouth-nose protection (surgical mask)** with you at all times. Wearing it is obligatory:

- // if the distance is less than 2m (in buildings).
- // if this is explicitly required
- // common areas in buildings
