OUR COMMITMENT
As a world-class company competing successfully on a global scale, Bayer recognizes that our personnel and supply base should reflect the diversity of an ever-changing market place that knows no geographic boundaries. Our Supplier Inclusion & Diversity Program showcases our commitment to the economic growth and advancement of communities while allowing us to tap into small and diverse businesses that have the potential to strengthen our supply chain, be more responsive, innovative and in tune with the changing tastes and preferences of our consumers.
Supplier Diversity Program

Bayer collaborates with several organizations which can be contacted for more information:
