bug and thrips feeding damage²**

**3 new MoAs, plus the most reliable MoAs
from Bollgard[®] 3**

Learn More:

1. Pending EPA registration and applicable regulatory approvals. This product is not currently available for commercial sale or commercial planting. Commercialization is dependent on multiple factors, including successful conclusion of the regulatory process. The information presented herein is provided for educational purposes only, and is not and shall not be construed as an offer to sell, or a recommendation to use, any unregistered pesticide for any purpose whatsoever. It is a violation of federal law to promote or offer to sell an unregistered pesticide.

2. Scouting is critical to determine which and how many insecticide applications are recommended to avoid economic loss greater than pest management costs (i.e., when economic thresholds are met). Check with your local state extension university for the latest spraying recommendations.
